

***Frozen* Hero's Journey Project- Due October 28, 2014**

Prove your mastery of the archetypical narrative structure of the Hero's Journey by picking it out in Disney's *Frozen*! Choose one of the sisters to focus on- Queen Elsa or Princess Anna. Depict that character's progression through at least seven steps out of the original ten of the Hero's Journey with a visual representation of your choice.

Ideas:

- Create a board game based on the Hero's Journey, with Anna or Elsa as game pieces.
- Create a flow chart or a poster (see examples on the class website) showing Anna or Elsa's journey.
- Create a PowerPoint or Prezi presentation or even a YouTube video about Anna or Elsa's journey. (You may submit the link to these through Edsby or the class website.)
- Follow your own ideas! Just make sure it incorporates at least seven of the steps of the Hero's Journey, focuses on one of the sisters, tells how that event from the movie fits the Hero's Journey archetype, and is *neat, colorful and well-planned*. This will NOT be a "throwaway" project or something you can complete during bellwork the day it is due.
